

Registration Information

The Harley School Driver Education Program helps students from area high schools learn to be safe, defensive drivers. Those who successfully complete our program receive a New York State Senior Night License Form (MV-285). This enables 17-year-old students to drive after 9 pm. Many insurance companies give senior night license holders a premium reduction of up to 15%. The five-hour pre-licensing course (MV-278) is also part of the curriculum and will be issued to anyone enrolled at no additional cost.

The Fall / Winter program runs from September 17–January 26, 2025.

Students must have a learner's permit or driver's license to participate in Harley's Driver Education Program.

Students must be 16 as of September 16, 2024 to participate
