REPORT ON  
**GIVING**

---

2022 to 2023

# The Harley School

Greetings,

Thank you so much for your philanthropic support of The Harley School and Horizons at Harley during the 2022–'23 academic year.

When I arrived in Rochester and joined The Harley School in the summer of 2023 after retiring from Columbia University School in NYC as the Head of School, I wasn't sure what to expect. Harley has over a 100 year history and is just one of two independent schools in Rochester (as compared to over 125 schools within a few miles of my old campus). What I found was dedicated teachers, intelligent and progressive students, thoughtful and kind parents, and a community ready to serve Harley children with enthusiasm. A colleague from New York City who worked at Harley over 30 years ago told me what a special community it is. I recognized it in my first week. There is no other school like Harley.

## **THRIVING TOGETHER: CONTINUING OUR STRATEGIC PLAN WORK**

We're excited to share progress on our strategic plan, focused on making Harley a more sustainable school by 2025. This includes advancements in four key areas:

### **ACADEMICS: A VIBRANT N–12 TEACHING AND LEARNING PROGRAM**

Thanks to your support, the teachers at Harley have worked together on a multi-year project to increase cross-divisional planning. This fosters a dynamic learning environment where students can explore their interests and collaborate across grade levels.

We began to focus on curriculum alignment and personalization in all subject areas to maximize student success, and a new schedule planned for the 2024–'25 school year will bring these ideas into the classrooms.

### **COMMUNITY: STUDENT SUPPORT AND WELLNESS**

We're developing an evidence-based approach to N–12 social-emotional learning and wellness working with a committee of dedicated teachers and staff. This programming equips students and faculty with valuable skills for managing emotions and building a positive school climate. Additionally, the TIG (Trauma, Illness, and Grief in Schools) training empowers us to support students facing challenges.

And our summer programming is thriving! We continue offering a dynamic range of enrichment activities for Harley and Horizons students, with exciting themes like Culinary Arts, STEAM, Food and Farm, and Performing Arts.

### **ENVIRONMENTAL RESPONSIBILITY: PRESERVING OUR PLANET IS A PRIORITY**

We're strengthening our environmental education curriculum and expanded Commons offerings in Food and Farm, Indigenous studies, sustainability, empathy and mindfulness. These initiatives are preparing our entire student body to become responsible environmental stewards, which is essential schooling in the 21st century.

Thanks to matching gifts from generous donors, the EE Ford Foundation grant we received in summer 2022 funded a new curriculum and the Climate Across Curriculum Symposium we hosted at the Rochester Museum and Science Center in summer 2023.

### **BUILDING A SECURE FUTURE:**

Financial sustainability is crucial for Harley's long-term success and we count on our philanthropic supporters who play a key role. We'll be conducting a development assessment soon to better understand your thoughts concerning our fund-raising strategies to ensure we're maximizing the impact of your generosity.

Thank you all for welcoming me and continuing your support of this amazing school. It has been an absolute pleasure getting to know this beautiful community.

Appreciatively,

Dr. Kathryn Kaiser  
Transitional Head of School

1981 Clover Street, Rochester NY 14618 harleyschool.org
